REPUBLICAN SENATOR RUSHES TO SUPPORT OF THE PRESIDENT

(By Associated Press.) WASHINGTON, June 18.—Senator McCumber, republican, told the senate today that he had conducted a campaign of misrepresentation and distortion. He said the covenant of the league is entirely consistent with the American constitution, and the void of any ability to engage in dangerous or hostile American interests. He said he knew some terms of the covenant were vague and some portions objectionable from particular stand points, but that in all other respects it was entirely consistent with the American constitution, and the void of any ability to engage in dangerous or hostile American interests. MORE BOMB EXPECTED ON FOURTH

(By Associated Press.) WASHINGTON, June 18.—The department of justice announced today that further bomb outrages are expected. He said the police throughout the country are acting to forestall the radicals.

SENATOR STIRS UP AVIATORS

Joseph H. Hutchinson, president of the Tonopah Chamber of Mines, received the following wire this morning from Senator C. B. Henderson, relating to the appearance of airplanes for the Fourth of July entertainment:

WASHINGTON, June 18.—Telegrams signed by members of your executive committee received. Have had two interviews with the head of the department of aeronautics and urged the department to grant your request for planes for the July celebration. General Monahan said he could not promise that he could get a plane for us but would do all possible. On account of the demobilization few men are available for these flights. He has promised to let me know in a few days and shall immediately communicate reply to you. This afternoon Congressman Evans wired as follows:

"Using every effort to secure government airplanes for Tonopah July Fourth. Director of aeronautics states that owing to men leaving service it is impossible to secure pilots to handle machines for aerial demonstrations. The department gives very little hope of being able to grant the request but will do everything within my power to secure aviation. Letter follows."

GRASS VALLEY MEN MAY STOP PUMPS

(By Associated Press.) GRASS VALLEY, June 18.—Striking miners here have notified the operators that efforts will be made to stop pumps in the mines within forty-eight hours and ask a fifty-cent day wage increase. One thousand men are involved.

FORTY-FIVE VILLA MEN ARE SLAIN

(By Associated Press.) WASHINGTON, June 18.—General Aguilar announced today that the Mexican government considered the execution of American troops into Mexican territory as a "shameful incident." The state department said American officials in Mexico made strong representations to the Mexican government for protection in the disturbed area in Mexico. Particulars of the action of the United States troops were published yesterday in the Mexican press newspapers without editorial comment. A resolution to inter-emptive carriage on the subject is said to have received no support in the chamber of deputies.

TRY TO KIDNAP PRES'T EBERT

(By Associated Press.) WEIMAR, June 18.—Fifty Spartans and communist prisoners, recently released from Weimar jail, attacked the castle for home members of the government. They were repulsed by a lone guard with a machine gun. Apparently it was their intention to seize President Ebert, Premier Scheidemann and Gustave Noske, minister of defense.

CONTRACTORS BEGIN WORK ON CALIFORNIA CROSSCUT
Contractors began work this morning driving the crosscut on the 600 level of the New California Tonopah mine. Under the direction of Frank Stall a ten-horsepower electric motor is installed. The company is now in shape for a fast drive and the management will see that development is pressed with all speed.

BRAZILIAN PRESIDENT TAKEN OFF

(By Associated Press.) WASHINGTON, June 18.—The navy department received a wireless today saying the engine of the French cruiser Jeanne d'Arc became disabled at sea and the transport Imperator had taken off in rescue, president elect of Brazil, and his party who are enroute to the United States. The army transport Magnolia is taking the cruiser to the Azores.

DIVIDE CON. HAS CUT A LEDGE

Divide Consolidated shared interest with Belcher in transactions this morning. The improvement was due to a strike in the shaft at a depth of 125 feet where a ledge from 12 to 14 feet was cut yesterday and assays running from \$6.30 to \$18 were had from samples brought on this morning before 5 o'clock. News of the strike leaked out last night but the company felt it would be better to wait for a confirmation which was found on the night shift when the shooting enlarged the ledge and improved the values as above stated. The formation is a nice looking quartz and rock values are increasing as the season of the exchange advanced until at the close sales were made at 35. Belcher was strong on eastern buying and private advices stated that the quotation in New York was very much better than in San Francisco. Extension, which sold on the curb last evening at \$2.00 kept up to that price this morning opening at \$1.92 1/2 selling up to the even money and receding to \$1.95. Charlot was a strong contender gaining 25 per cent and closing strong at 10 bid. Hennessy moved from 24 to 28 and Rescue was strong at 24 and 25 closing at the latter. The total turn over was 506,000 shares with the following leaders:

Hayden	22,000
Gold Zone	26,500
Extension	6,400
Dividend	58,500
Rosetta	39,000
Divide Con.	32,500
Myra	27,000
Horseshoe	22,500
Hennessy	25,000
Charlot	20,000
Royal	13,000
Rescue	31,500
Crescent	29,000

DENIES STRIKE REPORT
J. K. Turner, consulting engineer for the East Divide denies there is a strike on that property and states nothing more than good indications can be reported.

FRENCH SAILORS RIOT

(By Associated Press.) BREST, June 18.—Two hundred French sailors, carrying red flags as a sign to enter the Naval jail here yesterday and rescue imprisoned sailors. The attempt failed and there were no casualties.

(By Associated Press.) COPENHAGEN, June 18.—The proposed peace terms have aroused a sentiment of growing implacability in Germany and armed intervention by the allies is regarded as inevitable according to a Berlin correspondent of the Politiken. It is reported that Count von Brockdorff-Rantzau, head of the German peace delegation and Matthias Erzberger, chairman of the armistice commission, have reconciled their differences. The correspondent says, if true, the reconciliation will have important bearing on acceptance or non-acceptance of the terms.

NORTHERN LINES OUT OF SERVICE

(By Associated Press.) SACRAMENTO, June 18.—Telephone officials said that between 200 and 300 electrical workers in northern California and Nevada employed by the Pacific Telephone company joined the strike of telephone workers begun Monday in California. Four operators quit at Fairfield.

(By Associated Press.) STOCKTON, June 18.—Twenty-five electrical workers at Stockton joined the telephone strike.

(By Associated Press.) SAN FRANCISCO, June 18.—The telephone strike here appeared today to be more complete than yesterday.

(By Associated Press.) LOS ANGELES, June 18.—The telephone strike situation appears unchanged. Both sides claim a victory.

WILSON IS A GUEST OF BELGIANS

(By Associated Press.) BRUSSELS, Belgium, June 18.—The president and Mrs. Wilson, and their party arrived today. The visitors were met by King Albert and Queen Elizabeth and began a motor trip over the Belgian front. A special train will take the party to Brussels from Zeebrugge, after the devastated region of Belgium is toured. Inspection of the devastated industrial districts. Lunch at the American legation, and reception at the house of parliament are among the features of Thursday's program.

(By Associated Press.) RENO, June 18.—The strike of the electrical workers employed on the Nevada lines of the Bell telephone company has begun. Twenty-five telephone operators quit at Reno, and five at Sparks. Wireless operators and those employed at Truckee and Quincy in California quit. The independent companies are not affected.

ROUND MOUNTAIN ENJOYS PROSPERITY

Reports from Round Mountain of the Fairview will be \$40,000. One of the most gratifying order and Louis D. Gordon, president of the company, who arrived here this morning with his family, is well pleased with the better prospects for the season. The cleanup of the head boxes on June 10 and 11 realized \$26,000. The cleanup for the month before netted the company \$14,000 and there is strong probability of one or two more cleanups before the season expires. Then comes the cleanup from bed rock and the cleanup of the sulfur race 600 feet in length. On the hole claims leasers produced \$29,000 in May and should produce \$30,000 or more this month.

On company account the Round Mountain company has started exploration while the same time remodeling the mill which will be ready for operation on company ore in six or seven months. One important development on the Round Mountain ground is a surface strike made on top of the mountain where a strong ledge has been traced for 700 feet. This ore body runs due east and west. Leasers have already taken out \$15,000 although they have not been deeper than 50 feet on the ledge which is almost vertical. From the tunnel a crosscut of about 700 feet will be run to develop this ledge at a depth of 350 feet and, when this is completed, all ore from that section will go direct to the mill.

On the Fairview Round Mountain they are running the 30 ton mill steadily on \$25 to \$30 rock. This company has declared a two cent dividend which will help the Round Mountain as it owns 200,000 shares of the Fairview. The total disburse-

ment on the allied reply. The Associated Press learned today that the sentiment of the cabinet is almost unanimous against signing the treaty. The only objection being the possibility of Bolshevism. It is reported that indignation is increasing at Weimar.

(By Associated Press.) WEIMAR, (Thursday), June 18.—The German cabinet issued no statement on the allied reply.
